

ContiTread™ Urban HA3

The safe tread for urban and intercity traffic.

Exclusively designed for urban challenges. The ContiTread Urban HA3 provides more mileage and less fuel consumption, delivering safety to society.

Cold retreading performed by Continental:
We combine innovative tyre production and retreading technologies to realise the full cost-saving potential of cold retreading without compromising performance.

Cold retreading with ContiTread is carried out by selected ContiTread partners to guarantee the highest quality in production and processing.

ContiTread™ Urban HA3

M+S

Urban

Intercity

Key benefits

- › **Maximum safety**
wider shoulder and tread ribs increase grip and comfort while cornering
- › **Excellent wet performance**
high-density interlocking sipes provide maximum grip on wet roads
- › **Enhanced comfort**
full depth 3D sipes shift the noise frequency for quieter running

Technical Highlights

Staggered siping technology

Three-dimensional full-depth sipes offer enhanced ride comfort and reduce the rolling noise for quieter running.

Optimised handling performance

The wide tread and broadened ribs with full depth siping provide higher cornering stability under urban driving conditions and increased wet performance over life time.
