

ContiTread™ CityPlus HA3

The handling tread for the city and beyond.

With its unparalleled wet handling performance, the ContiTread CityPlus HA3 reliably masters long and short intercity distances on winding and hilly roads.

Cold retreading performed by Continental
- we combine innovative tyre production and
retreading technologies to realise the full
cost-saving potential of cold retreading
without compromising performance.

Cold retreading with ContiTread is carried out
by selected ContiTread partners to guarantee
the highest quality in production and
processing.

Key Benefits

- › **Maximum handling performance**
due to wide shoulder ribs and a full-depth 3D siping structure.
- › **Outstanding mileage**
through an optimised footprint and improved tread void ratio.
- › **Outstanding wet performance**
thanks to an innovative compound combination.

Technical Highlights

Maximum handling performance

The innovative tread compound combines new filler and polymer concepts for excellent grip without compromising fuel efficiency.

Outstanding mileage

The wide contact area provides an optimized footprint with even pressure distribution and even wear for high mileage results.
